Future Outlook

Despite challenging economic and operating environment, the business has continued to deliver positive results. We are committed to manage the challenges that lie ahead with our access to global expertise, superior consumer understanding, powerful innovations and world class customer service. We are confident that our dedicated and focused efforts will allow us to provide better value to meet consumers' everyday needs and deliver sustained profitable growth.

Right Issue

The paid-up share capital of the company was increased by 212,332 shares due to issuance of right shares at a premium of Rs. 5,990 to the shareholders of the Company. The purpose of right issue was to raise equity for expansion of existing manufacturing capacity to support the increasing volume demands.

NOTES TO AND FORMING PART OF THE CONDENSED INTERIM FINANCIAL STATEMENTS FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2018 (UNAUDITED)

1. BASIS OF PREPARATION

These condensed interim financial statements of Unilever Pakistan Foods Limited ("the Company") for the nine months ended September 30, 2018 have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and provisions of and directives issued under the Companies Act, 2017. Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

These condensed interim financial statements are presented in Pakistani Rupees which is the functional currency of the Company and figures are rounded off to the nearest thousands of Rupees.

2. ACCOUNTING POLICIES

Except as described below, the accounting policies and the methods of computation adopted in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the financial statements for the year ended December 31, 2017.

On January 01, 2018 the Company adopted IFRS 9 'Financial Instruments', which replaced IAS 39 'Financial Instruments – Recognition and Measurement'. The Company has not restated prior period due to no material change to corresponding financial statements.

i) Classification and Measurement

On January 01, 2018, we reclassified our financial assets to the new categories based on the Company's reason for holding the assets and the nature of the cash flows from the assets. There were no changes to the carrying values of the Company's financial assets from adopting the new classification model. There have been no changes to the classification or measurement of the Company's financial liabilities. Cash and cash equivalent, trade debts, trade deposits, and other receivables which were classified as loans and other receivables under IAS 39, will now be classified as amortised cost under IFRS 9.

ii) Impairment

From January 01, 2018 the Company implemented an expected credit loss impairment model for financial assets. For trade receivables, our calculation methodology has been updated to consider expected losses based on ageing profile. The adoption of the expected loss approach has not resulted in any material change in impairment provision for any financial asset.

On January 01, 2018 the Company adopted IFRS 15 'Revenue from Contracts with Customers' with no material impact as a result of such adoption.

In addition, Securities and Exchange Commission of Pakistan vide S.R.O. 434 (I)/2018 dated April 09, 2018 has notified "IFRS 16 Leases" replacing "IAS 17 Leases" which is effective from annual reporting period beginning on or after January 01, 2019. Management is in the process of assessing the impact of this standard.

3 ACCOUNTING ESTIMATES, JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

The preparation of these condensed interim financial statements in conformity with approved accounting standards requires management to make estimates, assumptions and use judgements that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision.

Judgements and estimates made by the management in the preparation of these condensed interim financial statements are the same as those that were applied to financial statements as at and for the year ended December 31, 2017 except for those related to IFRS 9 and IFRS 15 as explained in note 2.

The Company's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended December 31, 2017.
