## **Directors' Review**

The directors are pleased to present the financial information for the first quarter ended March 31, 2019.

Sales grew by 2.8% on the back of strong brand equity, successful innovations and sustained investment in advertisement and promotion. Gross Margin declined by 3.3% to 44.3% due to difficult operating environment. Earnings per share (EPS) decreased by 6.5% versus the same period last year.

#### NOTES TO AND FORMING PART OF THE CONDENSED INTERIM FINANCIAL STATEMENTS FOR THE THREE MONTHS ENDED MARCH 31, 2019 (UNAUDITED)

#### 1. BASIS OF PREPARATION

These condensed interim financial statements of Unilever Pakistan Foods Limited ("the Company") for the three months ended March 31, 2019 have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and provisions of and directives issued under the Companies Act, 2017. Where the provisions of and directives issued under the Companies Act, 2017 the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

These condensed interim financial statements are presented in Pakistani Rupees which is the functional currency of the Company and figures are rounded off to the nearest thousand of Rupees.

#### 2. ACCOUNTING POLICIES

Except as described below, the accounting policies and the methods of computation adopted in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the financial statements for the year ended December 31, 2018.

On January 1, 2019 the Company adopted IFRS 16 'Leases' which replaces existing leasing guidance, including IAS 17 'Leases', IFRIC 4 'Determining whether an Arrangement contains a Lease', SIC-15 'Operating Leases - Incentives' and SIC-27 'Evaluating the Substance of Transactions Involving the Legal Form of a Lease'. IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognizes a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard i.e. lessors continue to classify leases as finance or operating leases. The impact of initial application of IFRS 16 has been presented in note 8 to the condensed interim financial information.

#### 3. ACCOUNTING ESTIMATES, JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

The preparation of these condensed interim financial statements in conformity with approved accounting standards requires management to make estimates, assumptions and use judgements that affect the application of policies and reported amounts of assets and liabilities, income and expenses. Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision.

Judgements and estimates made by the management in the preparation of these condensed interim financial statements are the same as those that were applied to financial statements as at and for the year ended December 31, 2018 except for those related to IFRS 16 as explained in note 2.

The Company's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended December 31, 2018.
